- Special issue: 5% surcharge.
- Direct color: 250 euros additional.
- Special location: 10% surcharge.
- Odd page: 10% surcharge.
- Prices in euros, tax not included.

## Contents 2019

### FEBRUARY

Vacuum furnaces, bell furnaces, continuous, hardening and tempering. Refractories. Hardening Furnaces. Gases Special. Atmospheres. Burners. Measures. Temperature. Hardness. Isolations. Lubricants. Fluids. Environment.

### APRIL

Furnaces of salts. Installations protective atmospheres. Refractories. Insulators. Burners. Heaters. Quality. Laboratory. Temperature regulators. Pyrometer rod. Metrology. Heat Treatment of ferrous and non-ferrous.

### JUNE

**SUBCONTRATACIÓN** (Bilbao) Special Issue.

Specialty Gases. And useful elements for furnaces. Robots. Control software. Automation. Microscopy. Analysis of gases, water. Salts. Tooling.

### SEPTEMBER

**TRATER Day** (Bilbao) Special Issue.

Optical devices. Equipment and instruments measurement and control. Tempering furnaces, annealing. Atmospheres. Control software. Temperature regulators.

### NOVEMBER

**METALMADRID** (Madrid) Special Issue.

Induction furnaces. Burners. Stoves. Furnaces for heat treatment of aluminum and light alloys. Steels for tools, Foundry and molds. Construction of tools. Measures. Non-destructive testing, temperature, hardness.

### DECEMBER

Specialty Gases. Atmospheres. Sources of energy. Optical devices. Equipment and instruments measurement and control. Tempering furnaces, annealing. Lubricants. Gas and electric Furnaces. Treatment Thermal molds. Transport and elevation. Treatment surfaces. Belt furnaces. Environment.
